

When did SPMO break away from the S&P 500? (real CRSP, additive excess, no compounding/no ETF artifact; ends Dec-2025)

Full history 2011-2025: running SPMO out-performance
(flat for a decade, then nearly all of it in 2024)

Zoom 2024-2025: the lead opens in 2024, then flattens
(by Mar-2025 the gap was already built)
